**UPCOMING EVENTS**

***Get a Job Workshop Series***

Back by popular demand! These workshops got rave reviews this past year and so we've scheduled them again, **at last year's price!** We call it the **Get a Job** Workshop Series because we'll teach you what you need to know to get a job.

Here's what previous attendees have said:

- ~ *Very helpful to have examples. I found the session helpful and motivating.*
- ~ *Very specific tools were provided and presenter was very approachable so it was easy to get all questions answered.*
- ~ *Most valuable was that you gave...insights into the recruiter's mind...during the interview.*
- ~ *Offered me tons of help on preparing for my interview.*
- ~ *Very helpful, the resources you brought to my attention will be excellent in my job search and overall the examples were very clear and informative.*
- ~ *Thank you so much, your insight has really helped me focus my job search process.*

**WRITE A WINNING RESUME - Wed., 2/17/2010, 6-8pm** - *Most job applicants get screened out even before having the chance to interview. A resume is a marketing brochure, not a historical document, and it should focus on where you're going. Learn how to structure your resume to gain the "inside advantage."*

**DEVELOP A JOB SEARCH STRATEGY - Wed., 2/24/2010, 6-8pm** - *In the current market, it is not enough to post your resume on the Internet and wait for a response. By submitting your resume in response to a job posting, you may be trying to enter the same door at the same time as hundreds of others. Even if you are better qualified, how will you even be noticed? This class teaches you how to grab the attention of the hiring manager...which tools to use, how to use them, and what to say.*

**ACE THE INTERVIEW - Wed., 3/3/2010, 6-8pm** - *Once you have the chance to present your qualifications, make sure you're fully prepared. If you can't interview effectively, your knowledge and work experience will go unnoticed. A less qualified candidate may get the job because of better interviewing skills.*

**Prices are the same as 2009! (for this series only)**

\$60 / workshop

\$145 / series - all 3

\$135 / series - early bird - register before 2/3/2010

**DIRECTED JOB SEARCH TEAMS**

Inspired by her experience facilitating Directed Job Search Teams for alumni as an Adjunct Advisor of Career Services at the Haas School of Business, Career Insiders President Mauri Schwartz is offering the benefits of this successful program to you.

A team includes a small group (4-6) of job seekers who meet weekly to advance their searches. Mauri will provide guidance on key aspects of the search process such as resume development, search strategy, networking, interviewing, etc. She will facilitate collaborative efforts and ensure accountability.

If you'd like more attention than a group workshop but don't feel you can afford individualized consultation, or you work best as part of a team, this is a terrific job search program for you.

Our next team will begin in early February. The cost is \$100 per person for 4 weekly sessions. Please [contact us](#) now to sign up and for further information.
